

### IEEE LEAD 5.0 Project Descriptions

<b>Web Development</b>	<u>Project 1</u> : Portfolio Project
	<u>Project 2</u> : News Website
<b>Machine Learning</b>	<u>Project 1</u> : Build Multi Layer Perceptron from Scratch using self implemented forward and backward propagation algorithm.
	<u>Project 2</u> : Identify handwritten digits using the MNIST dataset. [ <a href="#">link</a> use this only link for the dataset]
<b>App Dev</b>	<u>Project 1</u> : Personal journal / habit tracking app.
	<u>Project 2</u> : Distraction free/security app - applocks, track usage of apps and more.
